PROFESSIONAL SUMMARY

Detail-oriented Computer Science student specializing in Artificial Intelligence, Machine Learning, and Generative AI application development. Proven track record in AI Model Development, AI Model Evaluation, prompt engineering, and LLM integration. Experienced in data management, analytical thinking, technical documentation, and hands-on research. Strong collaborator adept at cross-functional teamwork and innovation to build data-driven AI solutions and research initiatives.

TECHNICAL SKILLS

AI & Gen AI:	Artificial Intelligence, Machine Learning, AI Model Development, AI Model Evaluation, Generative AI, Prompt Engineering, LLM Integration, Neural Networks.
Data & Research:	Data Management, Data Preprocessing & Cleansing, Exploratory Data Analysis (EDA), Statistical Analysis, Research.
Frameworks & Tools:	TensorFlow, PyTorch, Streamlit, Git/GitHub, Hugging Face, Power Query.
Languages & DB:	Python (Pandas, NumPy, Matplotlib, Seaborn), SQL (MySQL, Relational Databases).
Professional Skills:	Technical Documentation, Collaboration, Cross-functional Teamwork, Innovation, Analytical Thinking.

TECHNICAL PROJECTS

My Smart Chatbot | *Python, Streamlit, Artificial Intelligence, LLM Integration, PyTorch*

- Conceptualized and executed end-to-end AI model development for a web-based intelligent chat interface using Streamlit and Python.
- Integrated advanced LLM models allowing users to execute complex tasks, including automated logic generation and technical problem-solving.
- Performed AI model evaluation and prompt optimization through structured research to maximize multi-turn conversational accuracy.
- Prepared comprehensive technical documentation, performance logs, and operational workflows for seamless deployment.

E-Commerce Customer Analytics Dashboard | *Python, Streamlit, Machine Learning, Data Management*

- Applied analytical thinking and data management techniques to execute deep preprocessing pipelines, segmenting 4,338 customers.
- Engineered retention matrices and heatmaps using Machine Learning concepts to drive business innovation through quantitative cohort analysis.

Netflix Movie Analysis & Trends Dashboard | *Power BI, Data Modeling, DAX, Statistical Analysis*

- Engineered an interactive dashboard evaluating 9.5K+ movies and 14M+ votes through advanced multi-variable filtering and statistical research.

EDUCATION

Centurion University of Technology and Management Bachelor of Technology in Computer Science and Engineering CGPA: 8.09	2022 - 2026
Sri Sai Ram Junior College Junior College CGPA: 8.26	2020 - 2022

CERTIFICATIONS

- Career Essentials in Generative AI – Microsoft and LinkedIn | Jun 2026
- Oracle Cloud Infrastructure (OCI) AI Database Certified Foundations Associate – Oracle University | Jul 2026
- Machine Learning Using Python – Simplilearn SkillUp | Apr 2026
- Python for Data Science – Reliance Foundation Skilling Academy (Skill India) | Apr 2026
- Become a Data Analyst Learning Path – LinkedIn Learning | Jul 2026
